**MEADOWS METROPOLITAN DISTRICT NO. 2
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

Meadows Metropolitan District No. 2 (District), a quasi-municipal corporation, was organized on July 11, 1985, and is governed pursuant to provisions of the Colorado Special District Act. The District is one of seven similar contiguous metropolitan districts formed as a part of the Meadows project (Project). The District's service area is located in Douglas County, Colorado, and is entirely within the Town of Castle Rock (Town). The District was established primarily to finance the construction of water, sewer and drainage systems, street improvements, safety control, park and recreational systems and transportation facilities. At the time of completion of all the facilities and repayment of the bonds issued by the District, the Town may require that the District initiate dissolution procedures.

The District provides no services directly at this time, but is a participant in an intergovernmental agreement ("District Agreement") between Meadows Metropolitan District Nos. 1 through No. 7 (inclusive, "the Project"), in which District No. 4 acts as the "Master District" for the Project. The District Agreement provides for the sharing of the Project costs including administrative services and debt service among the individual Districts of the Project. Most services, primarily consisting of landscape maintenance, are provided under the District Agreement by the Master District. All other services under the District's powers are provided by the Town of Castle Rock under a separate intergovernmental agreement.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

The District has no employees and all administrative functions are contracted.

Revenues

The Master District receives the revenue for the Project, including facility development fees, interest on invested funds and other revenue ("Project Revenue") and collects property taxes and interest on behalf of Districts No. 2 through No. 7.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August, and generally, sale of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

**MEADOWS METROPOLITAN DISTRICT NO. 2
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues – (continued)

The District is required to impose a maximum Required Mill Levy of 35.000 mills for collection in 2023. Required Mill Levy means an ad valorem mill levy imposed upon all taxable property of the District each year in an amount to pay the principal, premium if any, and interest on the Bonds as the same become due and payable [and to make up any deficiencies in the Reserve Fund].

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Senate Bill 21-293 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2023, the assessment rate for single family residential property decreases to 6.95% from 7.15%. The rate for multifamily residential property, the newly created subclass, decreases to 6.80% from 7.15%. Agricultural and renewable energy production property decreases to 26.4% from 29.0%. Producing oil and gas remains at 87.5%. All other nonresidential property stays at 29%.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 9% of the property taxes collected.

Interest Income

Interest earned on the District's available funds has been estimated based on prior year's interest earnings.

Expenditures

Administrative and Operations Expenditures

Administrative and operations expenditures of the Project, except as later noted, are paid through the Master District under the District Agreement. The contractual obligation represents a portion of the District's share of the administrative expenditures (priority expenditures) of the Project which have been allocated to all Districts of the Project based on their relative assessed valuations.

Operating expenditures to be incurred by the District are estimated based upon the prior year's experience.

SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Expenditures – (continued)

Debt Service

On December 29, 1993, the Series 1989A, 1989B and 1989C, General Obligation Bonds were restructured. The restructured bonds are characterized as General Obligation Bonds with a "capped mill levy". Interest of 7.999% is payable to the bondholder quarterly on March 1, June 1, September 1 and December 1 of each year. Unpaid current interest becomes accrued interest. Accrued interest compounds annually on December 1 of each year. The Project's required payment on the bonds is limited to the proceeds generated from the limited mill levy and Project Revenue less priority expenses. Priority expenses of the project include the following: costs of revenue collection, operations and maintenance expenses in an amount not to exceed \$200,000 as adjusted for inflation, water service fees and the cost of the landscape maintenance contract. Of the \$200,000 for operations and maintenance, \$50,000 (\$124,000 in 2023 as adjusted for inflation) is designated to be spent by District No. 1 for the District's administration. The remainder (\$338,000 in 2023 as adjusted for inflation) is to be spent by the Master District for the Project.

The limited mill levy is to be levied (for collection in the year following the levy year) as follows:

<u>Collection Year</u>	<u>Mill Levy</u>
2003 and thereafter	35.000 mills

To the extent that District Nos. 1, 2, 3, 4, 5, 6, or 7 property tax revenue or other revenue exceed their allocated share of priority expenses, such excess is to be applied to District Nos. 1, 2, and 7's debt service requirements, based upon the percentage of the bonds issued by District Nos. 1, 2, and 7. Project Revenue, to the extent that it is not required to fund priority expenses and certain capital expenditures of the Project, is allocated to District Nos. 1, 2, and 7's debt service requirements in the same manner as excess revenue of the other Districts.

Interest on the Bonds accrues and is determinable in each year, but a failure to pay accrued interest because of lack of revenue does not constitute a default. Thus, the actual amounts of payments to be made in future years will depend on future revenue and cannot be predicted with certainty.

The Master District has been designated to coordinate debt service payments of the Project.

Leases

The District currently has no operating or capital leases, nor does it anticipate any for fiscal year 2023.

Reserves

Emergency Reserve

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of fiscal year spending. Since substantially all funds received by the District are transferred to District No. 4, which pays for all Districts' operations and maintenance costs, an Emergency Reserve is not reflected in the District's Budget.
